

Insele Solar

Insele i100 Emergency Backup Lights Emergency Backup Lighting System

The Insele Backup Light System is based on our popular i150 model Home Solar System. Perfect for small to medium shops, offices, parking garages, schools, and other buildings that need reliable emergency lighting when the power goes out. Our system uses intelligent battery management to keep our lights on when the main power fails, so you're never left in the dark. The Backup Light unit supports up to 12 of our smart LED lights spread across the outputs.
